1. Background Information

About the school

- 1.1 Brambletye is an independent, co-educational day and boarding school for pupils aged from two to thirteen. Founded in 1919 as a boarding school for boys, the school relocated to its present 140-acre site in 1933, and first admitting girls in 2000. The school buildings developed around a Victorian house that provides accommodation for boarders. Full and weekly boarding runs throughout the prep school, as well as a flexible model, which varies for different age pupils. The school operates as an educational trust, overseen by a governing body.
- 1.2 Since the previous inspection, the school has opened a new library, art studio, specialised modern foreign languages classrooms, and new sports changing facilities.
- 1.3 During the period March-June 2020, the whole school remained open only for children of key workers. The school opened for pupils in stages, incrementally by age, through June.
- 1.4 No boarders remained on site for the period March to August 2020.
- 1.5 During the period of closure the school provided remote learning materials for all pupils.
- 1.6 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.7 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.8 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home, or with guardians in the case of overseas boarders.
- 1.9 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.10 The school aims to develop a happy, confident and well-adjusted child, who is able to carry the schools three core values into adulthood. These being; to work hard, play hard and be kind. It aspires to combine the best traditions of a prep school within a true community of learners, pupils who are prepared to strive to fulfil their potential and who are equipped for life in a 'global village'.

About the pupils

- 1.11 Pupils come from a range of professional and business backgrounds, mostly from the local area and south London. Of the 90 boarders, a very small minority come from overseas and from a range of ethnic backgrounds. Nationally standardised test data provided by the school indicate that the ability of the pupils is above average. The school has identified 40 pupils as having special educational needs and/or disabilities which include dyslexia and dyspraxia; 37 of these receive additional specialist help. One pupil in the school has an education, health and care plan. English is an additional language for sixteen pupils, three of whom receive support from a specialist teacher. Data used by the school have identified 63 pupils as being the most able in the school's population, and the curriculum is modified for them because of their academic ability and their special talents in sport, music, drama, and art.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014, including the National Minimum Standards for Boarding ('boarding NMS'), where applicable. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards, including the boarding NMS. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [National Minimum Standards for Boarding Schools](#), [Early Years Foundation Stage Statutory Framework](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.

Inspectors visited boarding houses and the facilities for the youngest pupils, together with the learning support and educational resource areas. The responses of parents, staff and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
