

Adventure Awaits

Inside Brambletye's immersive learning journey

On a crisp autumn morning in the Sussex countryside, pupils in Years 1 and 2 at Brambletye School discovered something extraordinary during their daily woodland walk - a perfectly crafted little den, complete with a tiny bed and miniature clothes hanging on a washing line, had appeared between two beech trees. Meanwhile, the children in Years 3 and 4 arrived at school to find an arrow pinning a map to the wall and a leafy campsite outside their classrooms.

Developed with Primary Matters, Brambletye's new immersive curriculum weaves traditionally separate subjects together into themed experiences, with pupils discovering how

different areas of knowledge naturally interconnect. The Pre-Prep's 'Wild Child' and Lower School's 'Robin's Recruits' themes capture young imaginations, spark curiosity and encourage inquiry, creating lasting memories and deeper understanding.

"The children's excitement is palpable," says Kate Fleming, Head of Pre-Prep. *"These meaningful connections develop skills that will serve our pupils throughout their academic journey and beyond."*

The children have also enjoyed meeting lots of exciting visitors to help bring learning to life, from local farmers to firefighters, and even a handful of chickens. Other adventures include bushcraft sessions at the school's own

campsite and a trip to Bedgebury to 'Be More Tree'.

A 'Fabulous Finish' brought the term's topic to a close, with children and parents venturing into the Brambletye woods to build dens and bake fresh bread over a fire for a warming winter tea.

The children are looking forward to exploring next term's themes: 'Castles and Crowns' and 'An Inventor's Workshop'.
